SUMMARY

An experienced mining engineer who provides comprehensive and calculated risk and cost assessments. Assisted geologists and experienced miners with the construction of mines to achieve practical results. Served as a trainer and supervisor of new personnel in the use of specialized mining equipment and safety procedures. Maintain continuous compliance by staying informed of industry regulations and legislation.

EXPERIENCE

Borcelle Structural Solutions

Junior Structural Engineer / 2015-2019

- Visit construction sites to collaborate with construction personnel and to ensure compliance with design parameters and regulations.
- Provide technical advice to industrial personnel regarding design, construction, and structural repair.

Fauget Structural Solutions

Senior Structural Engineer / 2019 - present

- Supervise the construction of more than two new buildings and bridges each month. - Presented zoning laws, fire regulations, and building codes to city and county government agencies.
